### Information

Baseball New Brunswick has decided to alter the format of the High Performance Program and team selection process for the 2021 season. This year's format is intended to provide eligible players with optimal time and opportunity to showcase their abilities, as well as additional opportunity for skill development.

Due to the ongoing Covid-19 pandemic, the program will begin in a regionalized format and progress to the team selection process and final roster later in the summer in order to minimize travel between health zones and contact between large groups of players throughout the summer.

The 2021 plan is subject to change based on Covid-19 guidelines.
